

Regarding Air 1 Radio Services:

I currently receive Air 1 Radio broadcast here in my community. If this "Broadcast Localism" issue becomes new standard, I will lose my favorite station as it will be displaced by an LPFM broadcaster.

It is my opinion as well as most in my community that Air 1 is a service that best serves our public interest.

Please consider this when making the decision regarding proceeding 04-233.

Thank you,
